

CLOSING & ONLINE LEARNING

Ozark School District's number one priority is the safety of our students and staff. There are multiple options for closure and online learning the District may use based on the situation within our schools and our community. Each option is independent and the District may skip between options or go to previous options based on the situation.

- Teachers will provide virtual instruction while on quarantine with the support of a substitute teacher in the classroom

CLOSURE UP TO TWO WEEKS

- Single building closed for up to two weeks
