

Attention parents of students entering kindergarten, 8th and 12th grades

Students entering kindergarten, 8th and 12th grade have immunization requirements for entering school in the fall. You can view these requirements at <https://health.mo.gov/living/wellness/immunizations/pdf/1819schoolrequirements.pdf>

If your student needs immunizations the School District encourages you to do it ASAP to help avoid long lines or delays in August. Students will need to submit proof of immunizations or an exemption form before attending school. Please provide a copy of immunizations to your school nurse. Contact your healthcare provider or school nurse with any questions.
