## **Welcome**

We welcome you to Finley River School. FRS is a program of the Ozark School District providing a smaller environment and more individual/small group attendance for high school students. The program is based on building relationships and providing differentiated, project-based learning to meet the needs of our students. The goal for each student is to graduate with work preparedness and a career pathway.

Our students often attend because they have had difficulty at Ozark High School, have come from small districts around Ozark and are not ready for the larger school, have made mistakes outside of school affecting their progress in school and need a “fresh start,” as well as many other reasons.

Students attending FRS are considered students of Ozark High School. They receive an Ozark High School Diploma and may participate in graduation activities. Other activities at Ozark High School are accessible to FRS students as long as they meet OHS any criteria set for OHS students.

We hope you enjoy your time at Finley River with a staff who cares about you and your success!

## Attendance

Good attendance is crucial for academic achievement as well as success in the workplace. Students at Finley River School track their attendance and set goals for improvement as necessary. Students will be required to keep their attendance at 80 percent or higher with exceptions being made for: long-term illness, family situations requiring a student to stay home, need to work due to serious financial difficulty. Students whose attendance falls below 80 percent will need to show verification of reasons for absence, attend school and/or district attendance committee meeting, and/or sign an attendance contract describing the plan for increased attendance. If a student is unwilling to improve attendance, a meeting with Finley River School staff, parent or other authorized adult, and the student will be called to determine the necessity of remaining at Finley River School.

Early dismissal: Students who will be leaving early must have a parent or other authorized person send a note, call the office, or report to the office to sign out the student.

College & Career Readiness (CCR) Exams - All graduating seniors must have a score on file from a qualifying College and Career Readiness exam, including ACT, SAT, ASVAB, or Work Keys.

## **Closed Campus**

The Ozark School system operates on the basis of a “closed campus.” Most simply stated, this means visitors to the school must immediately report to the main school office and students may not leave school grounds during the school day without parental permission and checking out with the main school office. This includes leaving from the parking lot prior to entering the school building.

The purpose of this is not to interfere with individual student’s needs; it assists families and the school alike know who is in the building. Students should not leave campus for lunch. Non-students or visitors may not eat lunch at school unless they have obtained prior administrator approval. Students may not go to their cars during the school day without office approval.

## **Meals**

The school cafeteria is a vital part of the health program of the school. To encourage good nutrition, a well-balanced lunch is offered at a reasonable price. All students who eat lunch at school will eat in the approved eating areas. Students may buy their lunch or may bring their own lunch from home. Students may not leave the school premises during the lunch period.

Finley River School students order their lunch by going to the Finley River School website under Popular Links where they can view the lunch menu and order from the lunch selection. The orders can be placed as early as 6 a.m. and must be entered by 9:30 a.m. If a student knows he/she will not be on campus until 9:30, lunch must be ordered before arriving on campus. Calling the office is appropriate if internet service is not available.

Breakfast typically consists of cereal, milk, juice, and a pop tart. It may be purchased when arriving on campus.

## **Health Service**

The Ozark High School nurses are assigned to Finley River. They assist students who have health issues at school and also offer assistance in the event of an emergency. Parents are urged to inform the school nurse of any student health issues so the school may address the student’s needs. To this end, online medical registration is required. Students will be released only to those listed on the emergency contact list.

Students may not administer their own medication or keep medications with them unless permission is granted by the school nurse or principal, in accordance with law and District policy governing the administration of medication. The administration of medications shall be limited to the school nurse or other designated persons. Board policies [JHCD Administering Medicines to Students](#) and [JHCF Student Allergy Prevention and Response](#) contain important information regarding this process.

## **School Bus Rules & Regulations**

Finley River School bus riders will ride their neighborhood bus to Ozark High School in the morning. There will be a bus outside the cafeteria to transfer Finley River School students to the building. Students who ride home will ride the bus from FRS to Ozark High School where they will transfer to their neighborhood bus. Students should go straight to their bus.

Riding the school bus is a privilege. Therefore, disobedience of the following rules may result in loss of bus riding privileges.

1. The driver is the overseer of the pupils and bus.
2. Pupils must be on time; the bus cannot wait beyond its regular schedule for those who are tardy.
3. Pupils should never stand in the roadway while waiting for the bus. Pupils are expected to wait in a safe place and to enter the bus safely.
4. Conduct is to be observed while riding the bus; appropriate conversation among students is permitted as long as it does not violate school rules or distract the bus driver's operation of the bus.
5. Pupils must not at any time extend their head, arms, or any other body part out of bus windows or doors.
6. Students must remain seated while the bus is in motion.
7. Any damage to bus must be reported immediately to the driver.
8. No smoking and/or use of smokeless tobacco are allowed on the bus.
9. Any type or form of vandalism to the bus by students will result in disciplinary action and reimbursement to the school for the cost of any damages.
10. Students are **NOT** permitted to ride home on another bus, unless emergency situations arise, due to overcrowding and limited capacities for passengers.
11. Follow this link for more information: [Transportation Expectations](#)

## **Private Transportation**

The following stipulations apply for all students who transport themselves to school in a private vehicle.

1. The vehicle is to be operated in a safe manner at all times while on school property, while at any school activity whether on or off of school property, and on all roadways.
2. Once students enter the driveway or school grounds they are considered "at school."
3. From the time of arrival until the close of the school day, students are not permitted to be in or around cars or to loiter in the parking lot.

5. Private transportation to school is a privilege. The administration may revoke this privilege at any time.
6. Students are not to be on school property after hours, or on non-school days, unless they are participating in or attending a school-sponsored activity. The District may, at its discretion, refer student trespassers to law enforcement.

## **Dual Enrolled Students**

Students interested in taking courses at Ozark High School, including the Career Center, must receive permission from the Finley River School director and an Ozark High School administrator. Permission is based on: classes needed, credits needed, behavior, and attendance. This includes students enrolled in the A+ program. Transportation may be provided by the district. If a student has their own transportation, a transportation form must be completed with a parent signature. Please see the director of Finley River School for more information.

## **Emergency Procedures/Drills**

Directions for emergency procedures – fire, tornado, earthquake, code yellow/red (intruder or other emergency) – are posted in each room. Teachers will review the procedures so time can be utilized wisely in case of an emergency. Drills are held each year.

## **Student Dress & Personal Appearance Code**

Students are required to dress consistently with the District's educational mission and policies. The Board of Education and the administrators reserve the right to regulate clothing and grooming of students in accordance with law and Board policy [JFCA Student Dress Code](#). When, in the judgment of the building administrator, a student's appearance or mode of dress has been determined as disruptive to the educational process and/or a student's attire constitutes a threat to health or safety, the student may be required to make modifications.

## **Student Discipline**

Finley River School practices Positive Behavior Intervention Support (PBIS). PBIS is a program for creating safer and more effective schools by structuring the learning environment to support the academic and social success of all students. The process supports the adoption and long-term implementation of efficient and effective discipline throughout the school environment. PBIS methods are research-based, proven to significantly reduce the occurrence of problem behavior in schools and supported by a three-tiered model. Finley River School administrators believe all students attending the program can behave appropriately. FRS will not allow students to prevent a teacher from teaching, or to prevent other students from learning. Classroom rules, rewards and consequences are established. There are also guidelines for out-of-class behavior (hallway, restroom, field trips, and the parking lot). Behavior choices are made by the student. District policies on discipline and consequences apply.

Please refer to the Ozark School District Board Policy [JG Student Discipline](#) and [JG-R1 Student Discipline](#) for more specific information for infractions.

## **Reporting to Law Enforcement**

It is the policy of the Ozark School District to report all crimes occurring on District property to law enforcement, including, but not limited to, the crimes the District is required to report in accordance with law. A list of crimes the District is required to report is included in Board

Policy [JGF Discipline Reporting and Records](#). The principal shall also notify the appropriate law enforcement agency and superintendent if a student is discovered to possess a controlled substance or weapon in violation of the District's policy. In addition, the superintendent shall notify the appropriate division of the juvenile or family court upon suspension for more than ten (10) days or expulsion of any student who the District is aware is under the jurisdiction of the court.

#### Documentation in Student's Discipline Record

The principal, other administrators or designee will maintain all discipline records as deemed necessary for the orderly operation of the schools and in accordance with law and Board Policy [JGF Discipline Reporting and Records](#).

#### Conditions of Suspension, Expulsion and Other Disciplinary Consequences

All students who are suspended or expelled, regardless of the reason, are prohibited from participating in or attending any District-sponsored activity, or being on or near District property or the location of any District activity for any reason, unless permission is granted by the superintendent or his/her designee. In addition, the District may prohibit students from participating in activities or restrict a student's access to District property as a disciplinary consequence even if a student is not suspended or expelled from school, if appropriate. In accordance with law, any student who is suspended for any offenses listed in § 160.261, RSMo., or any act of violence or drug-related activity defined by policy as a serious violation of school discipline shall not be allowed to be within 1,000 feet of any District property or any activity of the District, regardless of whether the activity takes place on District property, unless one of the following conditions exist:

1. The student is under the direct supervision of the student's parent, legal guardian, custodian or another adult designated in advance, in writing, to the student's principal by the student's parent, legal guardian or custodian, and the superintendent or his/her designee has authorized the student to be on District property.
2. The student is enrolled in and attending an alternative school that is located within 1,000 feet of a public school in the District.
3. The student resides within 1,000 feet of a public school in the District and is on the property of his or her residence. If a student violates the prohibitions in this section, he or she may be suspended or expelled in accordance with the offense, "Failure to Meet Conditions of Suspension, Expulsion or Other Disciplinary Consequences," listed below.

### **Bullying Policy**

**Bullying**: In accordance with state law, bullying is defined as intimidation, unwanted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; that substantially interferes with the educational performance, opportunities or benefits of any student without exception; or that substantially disrupts the orderly operation of the school. Bullying includes, but is not limited to: physical actions including violence, gestures, theft, or property damage; oral, written, or electronic communication including name-calling, put-downs, extortion, or threats; or threats of reprisal or retaliation for reporting such acts.

**Cyberbullying:** Cyberbullying is a form of bullying committed by the transmission of a communication including, but not limited to, a message, text, sound or image by means of an electronic device including, but not limited to, a telephone, wireless telephone or other wireless communication device, computer or pager. The District has jurisdiction over cyberbullying that uses the District's technology resources or that originates on District property, at a District activity or on District transportation. Even when cyberbullying does not involve District property, activities or technology resources, the District may impose consequences and discipline for those who engage in cyberbullying if there is a sufficient nexus to the educational environment, the behavior materially and substantially disrupts the educational environment, the communication involves a threat as defined by law, or the District is otherwise allowed by law to address the behavior.

School employees, substitutes or volunteers are expected to intervene to prevent student bullying, appropriately discipline the perpetrator, assist the victim and report the incident to the building principal or designee for further investigation and action. Any school employee, substitute or volunteer who witnesses or has firsthand knowledge of bullying of a student must report the incident. Students who have been subjected to bullying, or who have witnessed or have knowledge of bullying, are encouraged to promptly report such incident to a school employee. Any school employee receiving such a report shall promptly transmit the report to the building principal or designee. If the bullying incident involves students from more than one District building, the report should be made to the principal or designee of the building in which the incident took place, or, if more appropriate, to the principal or designee of the building attended by the majority of the participants in the incident.

(See Board Policy [JFCF Bullying](#))

## **1:1 Initiative**

Finley River School is a 1:1 building. All students have access to a school-provided computer during the school year. The student computer is the property of the Ozark School District. This computer is on loan as a student, and must be used, both at home and at school, with the Ozark High School Policies and Procedures, the District's Acceptable Use Policy, and any applicable laws. Use of this computer, access to the computer network, the internet, and email are a privilege provided for educational purposes only. They are intended to support the learning objectives of OHS, the Finley River School, and Ozark School District. ***Only District computers are allowed on the school's secured network.***

Students must sign and adhere to the Ozark School District computer, internet and general use and care policies. Parents must give written consent in order for students to take the computer home, where students should adhere to the Ozark School District computer, internet and home use policies.

**Notification under Family Educational Rights & Privacy Act**

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that Ozark School District ("District"), with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the District may disclose appropriately designated "directory information" without written

consent, unless you have advised the District to the contrary in accordance with District procedures. The District complies fully with FERPA, which affords parents/guardians (“parents”) and students who are at least age 18 (“eligible students”) the following rights:

Right to Inspect: Parents or eligible students have the right to inspect and review the student’s “educational records,” as that term is defined under FERPA, within 45 days of the date upon which the District receives a request for access. The District is not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. The District may charge a fee for copies.

Right to Prevent Disclosure: Parents or eligible students have the right to prevent disclosure of educational records to third parties with certain limited exceptions. The District will attempt to limit the disclosure of information contained in educational records to those instances when prior written consent has been given for the disclosure. However, upon request, the District will disclose information to officials of other schools in which a student seeks or intends to enroll. The District may also disclose information under the provisions of FERPA that allow disclosure without prior written consent, as well as directory information (unless you have refused to permit such disclosure of directory information), in accordance with FERPA regulations. The District will disclose educational records to school officials who have a legitimate educational interest in the records. Officials include those persons employed by the District, whether paid or unpaid, as an administrator, supervisor, instructor, or support staff member, including health or medical staff; persons retained by or under contract to the District to perform a special task, such as an attorney, auditor, etc.; or persons who are employed by the District’s law enforcement unit. School officials have a legitimate educational interest if the officials are: performing a task related to a student’s education; performing a task related to the discipline of a student; providing a service or benefit relating to the student or student’s family, such as health care, counseling, job placement, or financial aid; or maintaining the safety and security of the campus.

Designation of Directory Information: The District has designated certain information contained in the educational records of its students as directory information for purposes of FERPA. The District considers the following to be directory information:

**Students in kindergarten through eighth grade** — Student’s name; parent’s name; grade level; participation in school-based activities and sports; weight and height of members of athletic teams; honors and awards received; artwork or coursework displayed by the District; and photographs, videotapes, digital images and recorded sound unless such photographs, videotapes, digital images and recorded sound would be considered harmful or an invasion of privacy.

**High school and vocational school students** — Student’s name; parent’s name; address; telephone number; grade level; participation in school-based activities and sports; weight and height of members of athletic teams; dates of attendance; degrees, honors and awards received; artwork or coursework displayed by the District; and photographs, videotapes, digital images and recorded sound unless such photographs, videotapes, digital images and recorded sound would be considered harmful or an invasion of privacy.

The District may disclose such directory information for any purpose in its discretion without the consent of a parent of a student or an eligible student. Parents of students and eligible students have the right, however, to refuse to permit the designation of any or all of the above information as directory information. In that case, the information will not be disclosed except with the consent of a parent or student, or as otherwise allowed by FERPA. Any parent or student refusing to have any or all of the designated directory information disclosed must file written notification to this effect with the principal of the school which the student attends. In the event a notification of refusal is not filed, the District assumes that neither a parent of a student or an eligible student objects to the release of the directory information designated.

Military Recruiter Access/Student Recruiting Information: Upon request of military recruiters, the District is required by law to provide access to secondary students' names, addresses, and telephone listings. However, any secondary student or parent of a secondary student may request that the student's name, address, and telephone listing not be released without prior written consent of the parent. Requests that a student's name, address, and telephone listing not be released to military recruiters must be submitted, in writing, to the Assistant Superintendent, Ozark School District, 302 North 4th Avenue, P.O. Box 166, Ozark, MO 65721.

Right to Request Amendment: Parents or eligible students have the right to request that the District correct any parts of an educational record believed to be inaccurate, misleading or otherwise in violation of their rights. A parent or eligible student must submit the request to the Director of Special Services, Ozark School District, 302 North 4th Avenue, P.O. Box 166, Ozark, MO 65721.

The request must identify, in writing, the part of the record sought to be corrected and specify why it is inaccurate/misleading. If the District decides not to amend the record, it will notify the parents or eligible student and provide information on the right to a hearing to present evidence that the record should be changed.

Right to Complain to FERPA Office: Parents or eligible students have the right to file an external complaint regarding the District's implementation of FERPA, and such complaint may be filed with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202.

### **Notification Direct Service Claiming**

The Ozark School District's School Agency receives funding from the Medicaid Direct Service Claiming (DSC) program for IEP covered services to eligible children through the State's Medicaid agency. This is a state-approved program that allows the School Agency to receive reimbursement from federal funds for providing some health-related covered services to eligible children in our school system. Examples of covered services include speech therapy, assistance with daily living skills, physical therapy, and nursing services. The District is required to notify parents/guardians of the District's participation and the IDEA regulations stated below.

The School Agency, working with the State Medicaid agency, will need to determine if a child is eligible or should become eligible in the school-based Medicaid program. Written consent indicates that parents/guardians understand and agree that the District will submit their child's

information to the State Medicaid agency and their authorized agencies to verify eligibility and submit claims for the DSC program. The school may use Medicaid benefits in which a child participates to provide or pay for services documented in the Individualized Education Program (IEP). Parents are not required to sign up for or enroll in Medicaid to receive IEP services or a free appropriate public education, nor are they responsible for any out of pocket expenses for these IEP services. Also, the School Agency's access to these benefits is not allowed if it would have a negative impact on your public insurance.

The District will provide the required services to children at no cost to the parents/guardians whether or not they grant written consent. Consent is voluntary and may be revoked at any time. The School Agency's use of this reimbursement program does not in any way affect or impact other Medicaid benefits to which the child is entitled, including any otherwise eligible services out of the school.

These rights transfer to from the parents to a student who is 18 years old or an emancipated minor under State law. The District has adopted policies regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes.

The District will notify parents of these policies at least annually at the start of each school year and after any substantive changes. The District will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below and will provide an opportunity for the parent to opt his or her child out of participation of the specific activity or survey. The District will make this notification to parents at the beginning of the school year if the District has identified the specific or approximate dates of the activities or surveys at that time. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to opt their child out of such activities and surveys. Parents will also be provided an opportunity to review any pertinent surveys.
