

## The Standard Company Short Term Disability

The Ozark School Board covers the premium for all full time (hired to work at least 30 hours per week) employees.

In order to qualify to use this benefit, there is a 2-week waiting period from the date your disability began and you are required to use all of your given leave days.

You have the option to “buy-up”. If you choose the board paid option, it pays approximately 60% of your pay. The “buy-up” option pays approximately 66 2/3% of your pay and a monthly premium will be deducted from your paycheck.
