

Notification under Family Educational Rights & Privacy Act

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that Ozark School District (“District”), with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child’s education records. However, the District may disclose appropriately designated “directory information” without written consent, unless you have advised the District to the contrary in accordance with District procedures. The District complies fully with FERPA, which affords parents/guardians (“parents”) and students who are at least age 18 (“eligible students”) the following rights:

Right to Inspect: Parents or eligible students have the right to inspect and review the student’s “educational records,” as that term is defined under FERPA, within 45 days of the date upon which the District receives a request for access. The District is not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. The District may charge a fee for copies.

Right to Prevent Disclosure: Parents or eligible students have the right to prevent disclosure of educational records to third parties with certain limited exceptions. The District will attempt to limit the disclosure of information contained in educational records to those instances when prior written consent has been given for the disclosure. However, upon request, the District will disclose information to officials of other schools in which a student seeks or intends to enroll. The District may also disclose information under the provisions of FERPA that allow disclosure without prior written consent, as well as directory information (unless you have refused to permit such disclosure of directory information), in accordance with FERPA regulations. The District will disclose educational records to school officials who have a legitimate educational interest in the records. Officials include those persons employed by the District, whether paid or unpaid, as an administrator, supervisor, instructor, or support staff member, including health or medical staff; persons retained by or under contract to the District to perform a special task, such as an attorney, auditor, etc.; or persons who are employed by the District’s law enforcement unit. School officials have a legitimate educational interest if the officials are: performing a task related to a student’s education; performing a task related to the discipline of a student; providing a service or benefit relating to the student or student’s family, such as health care, counseling, job placement, or financial aid; or maintaining the safety and security of the campus.

Designation of Directory Information: The District has designated certain information contained in the educational records of its students as directory information for purposes of FERPA. The District considers the following to be directory information:

Students in kindergarten through eighth grade ([Board Policy JO-1](#)) – Student’s name; parent’s name; grade level; participation in school-based activities and sports; weight and height of members of athletic teams; honors and awards received; artwork or coursework displayed by the district; and photographs, videotapes, digital images and recorded sound unless such photographs, videotapes, digital images and recorded sound would be considered harmful or an invasion of privacy.

The District may disclose such directory information for any purpose in its discretion without the consent of a parent of a student or an eligible student. Parents of students and eligible students have the right, however, to refuse to permit the designation of any or all of the above information as directory information. In that case, the information will not be disclosed except with the consent of a parent or student, or as otherwise allowed by FERPA. Any parent or student refusing to have any or all of the designated directory information disclosed must file written notification to this effect with the principal of the school which the student attends. In the event a notification of refusal is not filed, the District assumes that neither a parent of a student or an eligible student objects to the release of the directory information designated.

Right to Request Amendment: Parents or eligible students have the right to request that the District correct any parts of an educational record believed to be inaccurate, misleading or otherwise in violation of their rights. A parent or eligible student must submit the request to the Director of Special Services, Ozark School District, 302 North 4th Avenue, P.O. Box 166, Ozark, MO 65721.

The request must identify, in writing, the part of the record sought to be corrected and specify why it is inaccurate/misleading. If the District decides not to amend the record, it will notify the parents or eligible student and provide information on the right to a hearing to present evidence that the record should be changed.

Right to Complain to FERPA Office: Parents or eligible students have the right to file an external complaint regarding the District's implementation of FERPA, and such complaint may be filed with the Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202.
